Stop the leak: make the meeting report reach only you

A few settings in your Read AI account stop the summary, transcript and recording from going to every participant.

Required settings

Path: Account Settings → Report Sharing

Internal Participant Access
Automatic access for university participants

⚠ Watch out

- Whoever adds Read to a meeting gets editor access and can share the report regardless of your settings. Ask them to apply the same settings.
- Review the report before forwarding it, and share it manually with the right people only.
